

# Rules for visiting the Niagara Falls Air Reserve Station

## **Foreign Nationals in Possession of a DoD CAC:**

Foreign Nationals in possession of issued access credentials are required to be explicitly registered into PACS/DBIDS at each installation they visit or are stationed. In the event foreign nationals are required to travel to an installation to which they are not assigned, they will be required to be explicitly registered in PACS/DBIDS prior to entering the installation they are visiting. Foreign Nationals traveling to installations which they are not assigned are highly encouraged to pre-coordinate explicit registration into the gaining installation's PACS/DBIDS. This will help reduce waiting times upon arrival at the gaining installation's access control points. The Foreign Disclosure Office (FDO) or host who is sponsoring the Foreign National will contact DSN 238-2280 15 working days prior to visit and provide the full name, DoB, country of origin, guests names, guests DoB, DoD ID number from the CAC and dates of arrival/departure for Niagara Falls Air Reserve Station.

## **Escort Authority:**

DoD military personnel, DoD civilians, military retirees, adult dependents of military personnel and personnel in possession of a DD Form 2765 have inherent escort authority based upon the validity of the credential issuance procedures, prior honorable service, or dependency status.

Escort authorities are not authorized to vouch for non-U.S. individuals (non U.S. citizens/non U.S. permanent resident aliens) to include those with foreign passports or identification credentials.

With the exception of three Law Enforcement agencies, no one is authorized to escort (vouch) Foreign Nationals onto an installation.

## **Roles and Duties of a sponsor/escort?**
